

TENTATIVE
PROGRAM

International Conference on
**Infectious Diseases
& Clinical Microbiology**

SEPTEMBER 23-25, 2019
LONDON, UK

IDCM
2019

*Theme: Terminate Emerging Infectious Diseases:
New Strategies of the Aeon*

<https://infectious-diseases-conferences.magnusgroup.org/>

Keynote Presentations

Title: Successfully activating positive behaviors of the stakeholders involved in vaccine purchasing and usage through technological advances

Pierre A. Morgon, CEO of MRGN Advisors, Switzerland

Title: Clostridium difficile: A formidable enemy

Neha Nanda, Keck Medicine of USC, USA

Title: Anti-HER2 scFv-directed extracellular vesicle-mediated mRNA-based gene delivery inhibits growth of HER2-positive human breast tumor xenografts by prodrug activation

A. C. Matin, Stanford University School of Medicine, USA

Title: Developing a new generation of modified vaccinia ankara vector to develop vaccines for emerging infectious diseases (single dose) as well as cancer

Farshad Guirakhoo, Chief Scientific Officer GeoVax, Inc, USA

Title: Decision strategy for infection diagnostics in unaccompanied asylum-seeking minors (UASM)

Alexander Kramer, School of Public Health, Bielefeld University, Germany

Title: Drug-resistant tuberculosis - where next?

Tijp van der Werf, University of Groningen, Netherlands

Title: New era- new surgeries - new surgical infections

Alexey Nikolaevich Severtsev, Pirogov Russian National Research Medical University, Russia

Title: Possible modellings of environmental parameters and impacts on intensity of infectious diseases

Mohemid Maddallah Al-Jebouri, University of Tikrit, Iraq

Oral Presentations

Title: Herpes simplex virus type-1 reactivation associated with a case of persistent dermatitis during spaceflight

Satish K. Mehta, Johnson Space Center, NASA, USA

Title: Trypanosoma cruzi under the microscope: Egress from infected cells

Renato Arruda Mortara, Escola Paulista de Medicina, UNIFESP, Sao Paulo, Brazil

Title: Epidemiology and infection control in Italy: Clinical microbiology and hygiene work together for a defeat of antimicrobial resistances

Valentina Di Gregori, GVM Care and Research San Pier Damiano Hospital Faenza, Italy

Title: Buruli ulcer (M. ulcerans infection) - an update

Tijp van der Werf, University of Groningen, Netherlands

Title: Combined tuberculosis/HIV infection in Russia: Statistics and perspectives

Erzheny Tsybikova, Federal Research Institute for Health Organization and Informatics of the Ministry of Health of Russia, Russian Federation

Title: Diagnostic significance of different immunological tests in tuberculosis (TB) diagnosis

Starshinova Anna, St. Petersburg State University, Russian Federation

Title: Community acquired pneumonia in developing countries

Yousser Mohammad, Damascus University, Syria

Title: Differential diagnosis with sarcoidosis and tuberculosis

Zinchenko Yulia, St. Petersburg State University, Russian Federation

Title: Inflammatory compound lipopolysaccharide promote dendritic cell survival via PI3 kinase mediated up-regulation of anti-apoptotic gene bcl-xl

Yuekang XU, Anhui Normal University, China

Title: Bactericidal and yeasticidal action of a super-oxidized solution and gel versus iodine against a panel of multidrug resistant pathogens: A comparative effectiveness study

Amani Alnimr, King Fahd Hospital of the University, Saudi Arabia

Title: Utility of CBNAAT (Genexpert) in the diagnosis of extrapulmonary tuberculosis: A 3 year study from a tertiary referral laboratory in South India

Samitha Nair, DDRC SRL Diagnostics Pvt Ltd, India

Title: Detection of TEM, SHV and CTX-M resistance gene among klebsiella strains

Taqdees Malik, Jinnah University for Women, Pakistan

Title: Over Prescribing of antibiotics for emergencies in Syria during the conflict

Youser Mohammad, Damascus University, Syria

Title: Decline in use of personal protective equipment among veterinarians: A threat to the prevention of zoonoses in Nigeria

Akinbobola Jones Soladoye, University of Abuja, Nigeria

Title: Human papillomavirus infection in genital women in four regions of Senegal

El Hadji Seydou Mbaye, Cancer Institute, Aristide Le Dantec Hospital, Senegal

Speaker Slots Available

Poster Presentations

Title: Ecthyma gangrenosum and the curious case of drop in hemoglobin

Thu Nguyen, West Virginia School of Osteopathic Medicine, USA

Title: Cleaning practices and contamination status of infant feeding bottle contents and teats in Rawalpindi, Pakistan

Muhammad Furrukh, Holy Family Hospital Rawalpindi, Pakistan

Title: The oprM cloning of pseudomonas aeruginosa in Escherchia coli BL21 after bioinformatics verification as a candidate for vaccine

Hamidreza Kalantari, Islamic Azad University, Iran

Title: Assessment of candida and aspergillus species frequency in patients with suspected fungal infection

Elnaz Iraj, Iran University of Medical Sciences, Iran

Title: Efficacy of probiotics in prevention and treatment of infectious diseases

Farzaneh Mohammadzadeh Rostami, Isfahan University of Medical Science, Iran

Poster Presentation Slots Available

Tentative Program
