ABOUT THE EVENT

We solicit your gracious presence at “5th Edition of World Congress on Infectious Diseases” (WCID 2023) will be taking place in the month of **October 23-25, 2023** held at **Boston, Massachusetts, USA**.

This Hybrid event allows you to participate as in-person in Boston, Massachusetts, USA or Virtually from your home or work.

The congress will highlight the theme “*Promulgating innovations in Infectious Diseases.*”

The conference which takes place annually aggregates around 200 public health specialists from around the world to promote the exchange the most up-to-date information on topics impacting the emergence, transmission, and management of infectious diseases. This timely global summit will be centred on recent clinical cases of significant interest for faculty, researchers, scientists, epidemiologists, healthcare professionals, practitioners, public healthcare specialists, clinicians, nurses, caregivers, industry representatives and fellows from the Infectious Disease discipline.

Plenary talks, panel sessions with invited speakers, oral abstract and poster presentations, and a variety of scientific and public health exhibitors are all part of the programme, which is centred on emerging and re-emerging infectious diseases. The Congress will keep the legacy of excellence and timely coverage of emerging infectious disease frontier topics. On the hybrid platform, we will make significant efforts to provide space and opportunities for interaction and foster collaboration.

Join us at the WCID 2023 for the intense discussion about emerging ideas, data, insights, models, and approaches to combat infectious diseases and pandemics.

***Theme: Promulgating innovations in
Infectious Diseases***
